

## CV

|                |             |
|----------------|-------------|
| Ime i prezime  | Edis Mekić  |
| Datum rođenja  | 28.09.1976. |
| Mjesto rođenja | Priština    |

### Obrazovanje

| Stepen                                     | Institucija                                                                                  | Datum |
|--------------------------------------------|----------------------------------------------------------------------------------------------|-------|
| Diplomirani inženjer elektrotehnike        | Fakultet tehničkih nauka, Univerzitetu Prištini sa privremenim sedištem u Kosovskoj Mirovici | 2002. |
| Magistar elektrotehničkih nauka            | Elektronski fakultet, Univerzitet u Nišu                                                     | 2008. |
| Doktor nauka, elektrotehnika i računarstvo | Elektronski fakultet, Univerzitet u Nišu                                                     | 2013. |

### Akadska karijera

|                       | Datum izbora |
|-----------------------|--------------|
| Saradnik u nastavi    | 2008.        |
| Asistent              | 2010.        |
| Profesor visoke škole |              |
| Docent                | 2013.        |
| Vanredni profesor     |              |
| Redovni profesor      |              |

## Reference:

|     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
